- **Student receiving matching dollars from NPAA will have to be current in their student account every month the student receives the dollar match.** Student/parent has until the end of the month to make payments and bring the balance to zero. If the last day for the month falls on a weekend then the parents will have until the next business day to pay any outstanding balance(s) to bring their account to a zero balance.
- **Students with any outstanding balance from the year(s) before will have to make financial arrangements with the business office prior to the start of school, before matching dollars are applied towards the new school year. In the event the student/parent fails to keep the financial agreement, NPAA has the right to withdrawal all matching dollars.**
